

Land Common Indicators:

A focus on results is one of the core principles on which the Millennium Challenge Corporation (MCC) was founded. Within country-specific plans, MCC uses common indicators to aggregate results across countries within certain sectors. MCAs are not required to report on certain common indicators where collecting that data is too costly or infeasible given existing data collection plans.

Country	Region	Output Indicators						Outcome Indicators	
		(L-1) Legal and regulatory reforms adopted	(L-2) Land administration offices established or upgraded	(L-3) Stakeholders trained	(L-4) Conflicts successfully mediated	(L-5) Parcels corrected or incorporated in land system	(L-6) Household land rights formalized	(L-7) Percentage change in time for property transactions	(L-8) Percentage change in cost for property transactions

All program data are as of September 10, 2013. Data are preliminary and subject to adjustment.† All financial data is of June 2013.

*Gender totals may not match overall totals due to lack of gender counting in earlier compacts.

Common Indicator Definitions:

(L-1) Legal and regulatory reforms adopted: The number of specific pieces of legislation or implementing regulations adopted by the compact country and attributable to compact support.

(L-2) Land administration offices established or upgraded: The number of land administration and service offices or other related facilities that the project physically establishes or upgrades.

(L-3) Stakeholders trained: The number of public officials, traditional authorities, project beneficiaries and representatives of the private sector, receiving formal on-the-job land training or technical assistance regarding registration, surveying, conflict resolution, land allocation, land use planning, land legislation, land management or new technologies.

(L-4) Conflicts successfully mediated: The number of disputed land and property rights cases that have been resolved by local authorities, contractors, mediators or courts with compact support.

(L-5) Parcels corrected or incorporated in land system: The number of parcels with relevant parcel information corrected or newly incorporated into an official land information system (whether a system for the property registry, cadastre or an integrated system).

(L-6) Household land rights formalized: The number of households receiving formal recognition of ownership and/or use rights through certificates, titles, leases, or other recorded documentation by government institutions or traditional authorities at national or local levels.

(L-7) Percentage change in time for property transactions: The average percentage change in number of days for an individual or company to conduct a property transaction within the formal system.

(L-8) Percentage change in cost for property transactions: The average percentage change in US Dollars of out of pocket cost for an individual or company to conduct a property transaction within the formal system.
